**APPLICATION FOR CONSENT TO TRANSFER OF CONTROL OF
DOMESTIC BLANKET SECTION 214 AUTHORIZATIONS
AND REQUEST FOR STREAMLINED PROCESSING**

The Shareholders of Niagara Telephone Company (“Niagara” or “Transferors”; FRN: 0003741782) and Northeast Communications of Wisconsin, Inc., d/b/a Nsight Telservices (“Nsight” or “Transferee”; FRN: 0002706190) hereby request Commission authorization for the transfer of control of Niagara Telephone Company and the blanket domestic Section 214 authorizations held by Niagara and its wholly-owned subsidiary Borderland Communications, LLC (“Borderland”; FRN: 0003775079) from Niagara’s current shareholders to Nsight.

Niagara, a Wisconsin corporation, provides local exchange telephone services and interstate exchange access as an incumbent local exchange carrier (“ILEC”) serving approximately 3,200 access lines in the following Wisconsin Counties: Marinette and Florence.

Niagara's wholly-owned subsidiary Borderland (FRN: 0003775079), a Wisconsin limited liability company, provides local exchange telephone services and interstate exchange access as a competitive local exchange carrier ("CLEC") to approximately 80 access lines in the following Michigan County: Dickinson County. Borderland also provides resold interstate and international toll services to customers located in the Niagara and Borderland local exchange service areas. Borderland does not provide CLEC services in Wisconsin.

Niagara's wholly-owned subsidiary Niagara Wireless, LLC (FRN: 0019840172), a Wisconsin limited liability company, holds a number of wireless licenses covering parts of Wisconsin and Michigan.

Nsight (FRN: 0002706190), a Wisconsin corporation, holds a number of wireless licenses indirectly through affiliated companies. Nsight is the parent company and 100% owner of: (1) Northeast Telephone Company, LLC (FRN: 0004322178), a Wisconsin limited liability company, serves approximately 4,700 access lines and provides ILEC local exchange telephone services including interstate exchange access in the following Wisconsin Counties: Brown, Oconto, Outagamie, and Shawano; (2) Bayland Telephone, LLC (FRN: 0003749736), a Wisconsin limited liability company, serves approximately 1,700 access lines and provides ILEC local exchange telephone services including interstate exchange access in the following Wisconsin County: Oconto; (3) NET LEC, LLC (FRN: 0004320529), Brown County CLEC, LLC (FRN: 0004320545), and Bayland Communications, LLC (FRN: 0003749744), each being a Wisconsin limited liability company, serve in combination approximately 5,500 access lines and provide CLEC services predominately to businesses in the following Wisconsin Counties: Brown, Outagamie, Oconto, and Winnebago. None of these companies provide local exchange access services or interstate exchange access services in Michigan.

Niagara currently has issued and has outstanding 3480 shares of common stock (its only class of stock) that are owned by twenty-one (21) shareholders. Niagara has three (3)

shareholders who own 10.00 percent or more of its common stock, with the largest shareholder owning a 35.6% interest.

The proposed transaction will be accomplished by a two-step merger process. Merger step one is the merger of a newly-formed Wisconsin corporation (Niagara Reverse Sub 1, Inc.) owned 100 percent by Nsight with and into Niagara, with Niagara continuing as the surviving corporation. The pre-merger step one shares and rights of Niagara will be canceled and extinguished, subject to various provisions for the payment of the merger consideration consisting of cash and Nsight stock to Niagara's shareholders. Merger step two is the merger of the merger step one surviving corporation (Niagara) with and into Niagara Forward Sub 2, Inc., a second newly-formed Wisconsin corporation owned 100 percent by Nsight, whereby Niagara Forward Sub 2, Inc. will continue as the surviving company. The pre-merger step two shares and rights of the merger step one surviving corporation (Niagara) will be cancelled and extinguished. At the completion of the two-step merger all of the issued and outstanding common stock of Niagara Forward Sub 2, Inc., which owns all of the assets of Niagara, will be owned by Nsight. Control of Niagara Forward Sub 2, Inc. post-merger will give Nsight control over the blanket domestic Section 214 authorizations of Niagara and its wholly-owned subsidiary Borderland. Niagara Forward Sub 2, Inc. will change its name to Niagara Telephone Company.

Niagara and Nsight hereby certify, pursuant to 47 C.F.R. §§1.2001 through 1.2003, that no party to this application is subject to denial of Federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988.

(6) Description of the transaction:

The proposed transaction entails the transfer of control of Niagara from its existing shareholders to Nsight. The proposed transaction will be accomplished by a two-step merger process. Merger step one is the merger of a newly-formed Wisconsin corporation (Niagara Reverse Sub 1, Inc.) owned 100 percent by Nsight with and into Niagara, with Niagara continuing as the surviving corporation. The pre-merger step one shares and rights of Niagara will be canceled and extinguished, subject to various provisions for the payment of the merger consideration consisting of cash and Nsight stock to Niagara's shareholders. Merger step two is the merger of the merger step one surviving corporation (Niagara) with and into Niagara Forward Sub 2, Inc., a second newly-formed Wisconsin corporation owned 100 percent by Nsight, whereby Niagara Forward Sub 2, Inc. will continue as the surviving company. The pre-merger step two shares and rights of the merger step one surviving corporation (Niagara) will

be cancelled and extinguished. At the completion of the two-step merger all of the issued and outstanding common stock of Niagara Forward Sub 2, Inc., which owns all of the assets of Niagara, will be owned by Nsight. Control of Niagara Forward Sub 2, Inc. post-merger will give Nsight control over the blanket domestic Section 214 authorizations of Niagara and its wholly-owned subsidiary Borderland. Niagara Forward Sub 2, Inc. will change its name to Niagara Telephone Company.

(7) Description of the geographic areas in which the transferor and transferee (and their affiliates) offer domestic telecommunications services:

Attached hereto is a map showing the Wisconsin local exchange service areas for the LECs involved in this application: Niagara (#50), Nsight's wholly-owned subsidiary Northeast Telephone Company, LLC (#51), and Nsight's wholly-owned subsidiary Bayland Telephone, LLC (#6). These LEC local exchange service areas do not overlap and they are not adjacent to each other. Nsight's affiliated LECs do not provide, are not certificated to provide, and are not seeking certification to provide, telephone exchange or interstate access services in, or adjacent to, any area served, certificated to be served, or sought to be served by Niagara. Nsight's affiliated CLECs do not provide, and do not intend to provide, telephone exchange or interstate access services in or adjacent to any area served or sought to be served by Niagara.

Niagara's wholly-owned CLEC subsidiary Borderland provides CLEC services in Dickinson County Michigan only. Nsight's affiliated LECs do not provide, are not certificated to provide, and are not seeking certification to provide, telephone exchange or interstate access services in, or adjacent to, Dickinson County, Michigan. Nsight's affiliated CLECs do not provide, and do not intend to provide, telephone exchange or interstate access services in or adjacent to any area served or sought to be served by Borderland.

Areas and Services of Niagara and Affiliates

Niagara (FRN: 0003741782) provides local exchange telephone services including interstate exchange access as an ILEC serving approximately 3,200 access lines in the following Wisconsin Counties: Marinette and Florence.

Niagara's wholly-owned subsidiary Borderland (FRN: 0003775079) is a CLEC which provides competitive local exchange services including interstate exchange access serving approximately 80 access lines in the following Michigan County: Dickinson. Borderland resells interstate, intrastate and international long distance toll services in and around the local exchange areas of Niagara and Borderland.

Niagara's wholly-owned subsidiary Niagara Wireless, LLC (FRN: 0019840172) is authorized to provide wireless services in parts of Wisconsin and Michigan. Niagara Wireless, LLC is not a part of the subject transaction and will be spun out to Niagara's current shareholders prior to the closing of the subject two step merger process. Insubstantial ownership changes in the wireless services do not require prior FCC approval; there is a post-transaction notification procedure. *See Forbearance From Section 310(d) Regarding Non-Substantial Assignments of Wireless Licenses and Transfers of Control Involving Telecommunications Carriers*, 13 FCC Rcd. 6293, 6298, 6306 ¶¶ 8 & 24 (FCC 1998).

Niagara is a 50% owner of Alpha Connect, LLC (FRN: 0021804455), a Michigan CLEC located in Kingsford, Michigan that provides tandem switching services to companies located in Michigan and Wisconsin. Alpha Connect, LLC is not a part of the contemplated transaction and the parties intend that Niagara's ownership of Alpha Connect, LLC will be spun out from the Niagara corporate structure prior to closing the subject transfer of control to either 1) Niagara's

existing shareholders or 2) to the other 50% owner of Alpha Connect, LLC which also exercises negative control. Each of these transactions would be *pro forma* and would not require prior Commission approval. First, a spin out to Niagara's current shareholders would not involve a substantial change in ownership. Second, Commission policy is that a transaction which changes an interest from negative control to positive control is insubstantial and *pro forma* procedures may be utilized. See e.g., *In re Application of Canton 67, Ltd., Debtor-in-Possession and Morton J. Kent, Individual For Assignment of License for Television Station WOAC(TV), Channel 67, Canton, Ohio*, 7 FCC Rcd. 736, 738 ¶ 12-13 (FCC 1992). Pursuant to Section 63.03(d)(1) of the rules domestic carriers are authorized to undertake corporate restructurings without prior FCC approval when the transaction is *pro forma*. *Implementation of Further Streamlining Measures for Domestic Section 214 Authorizations, Report and Order* 17 FCC Rcd. 5517, 5521, ¶5 (FCC 2002). The Parties to this application hereby certify that they will not consummate the subject transfer of control while Alpha Connect, LLC remains within the ownership of Niagara.

Niagara is a 25.00% partner in Wisconsin RSA No. 4 Limited Partnership (FRN: 0002703890) which holds the cellular license bearing call sign KNKN395 and which provides cellular service in CMA711 - Wisconsin 4 - Marinette.

Niagara and its subsidiaries and affiliates have no ownership interests in any other entities that offer domestic telecommunications services.

Areas and Services of Nsight and Affiliates

Nsight (FRN: 0002706190) is a holding company.

Nsight's wholly-owned subsidiary Northeast Telephone Company, LLC (FRN: 0004322178) is an ILEC which provides local exchange telephone service including interstate exchange access

to approximately 4,700 access lines in the following Wisconsin Counties: Brown, Oconto, Outagamie, and Shawano.

Nsight's wholly-owned subsidiary Bayland Telephone, LLC (FRN: 0003749736) is an ILEC which provides local exchange telephone service including interstate exchange access to approximately 1,700 access lines in the following Wisconsin County: Oconto.

Nsight's wholly-owned subsidiaries Bayland Communications, LLC (FRN: 0003749744), Brown County CLEC, LLC (FRN: 0004320545), and NET LEC, LLC (FRN: 0004320529) are CLECs which provide competitive telephone exchange service and interstate access service in the following Wisconsin Counties: Brown, Outagamie, Oconto, and Winnebago. None of these Counties overlaps, or is adjacent to, Niagara's Wisconsin LEC telephone exchange service areas or Borderland's Michigan CLEC telephone exchange service areas (Borderland does not provide telephone exchange services in Wisconsin). Nsight's CLEC subsidiaries serve approximately 5,500 access lines.

Nsight owns a controlling general and limited partner interests in Wisconsin RSA No. 4 Limited Partnership (FRN: 0002703890), which is the licensee of cellular Station KNKN395 and associated P-P microwave stations, and which provide cellular service in CMA711B.

Nsight is the controlling interest holder in Wisconsin RSA-10 Limited Partnership (FRN: 0002698892) which is the licensee of cellular Station KNKN294 and associated P-P microwave stations which provide cellular service in CMA717B.

Nsight owns a 100.00 percent member interest in Nsight Spectrum, LLC (FRN 0020519138), a Wisconsin limited liability company which is the licensee of numerous wireless stations serving Wisconsin, Michigan, Minnesota, and Iowa.

Nsight and its subsidiaries and affiliates have no ownership interests in any other entities that offer domestic telecommunications services.

(8) Streamlined Treatment:

This Application is entitled to a presumption that the streamlined application processing procedures found at Section 63.03(b)(2)(iii) are applicable. At the close of the transaction, all of Nsight's long distance affiliates will have a less than 10% share of the interstate, inter-exchange market. *See* 47 C.F.R. § 63.03(b)(2). Likewise, the requirements of Section 63.03(b)(2)(iii) are met because, post consummation, Nsight's independent local exchange carrier operations will serve a total of approximately 15,180 access lines which is less than 2% of the nation's subscriber lines the Commission recently estimated to be approximately 101,833,000 retail switched access lines as of June 2012. *See* Figure 1, page 2, "Local Telephone Competition: Status as of June 30, 2012" released in June 2013 –

http://transition.fcc.gov/Daily_Releases/Daily_Business/2013/db0621/DOC-321568A1.pdf

Moreover, neither Niagara and Nsight, nor their respective affiliated companies, have overlapping service telephone exchange areas or adjacent telephone exchange service areas. Thus, streamlined processing of the instant Application is proper under Section 63.03(b)(2) of the Commission's Rules.

(9) Identification of all other Commission applications related to the same transaction:

The Applicants will file an electronic application via the International Bureau Filing System for transfer of control of the International Section 214 authorization for global resale of switched services held by Borderland (File No. ITC-214-19980715-00486, granted September 3, 1998).

(10) Statement of whether the applicants are requesting special consideration because either party to the transaction is facing imminent business failure:

No party to the transaction is facing imminent business failure at this time. Therefore, the applicants are not requesting special consideration because no party to the transaction is facing imminent business failure.
